

Simply Classic

13 Favorite Piano Classics Arranged for Elementary Students of All Ages
 Arranged by Margaret Goldston

Foreword

Have you eagerly started taking piano lessons in order to learn to play “the classics” and become disappointed because it seemed forever before you advanced enough to reach your goal? This collection of simplified excerpts from well-known piano solos by the master composers is arranged especially for you, the first year student!

Approximately equal in difficulty to Alfred’s Basic Piano Library, Level 1B, or any second-level piano course, these solos are predominantly written within five-finger positions. I hope you have a pleasant time getting acquainted with these “simply classic” melodies from the masterworks!
